

## Church Membership Policy Affecting Both Tuition Rates and Admission

Families will qualify for priority enrollment and preferred tuition rates by establishing formal membership at Christ Presbyterian Church on or before December 31 of the year prior to their student's enrollment at Christ Presbyterian Academy and by maintaining active status at CPC while the student is enrolled at CPA.

Active membership in Christ Presbyterian Church is defined as regular attendance in Sunday morning worship as evidenced by signing the attendance register at least two Sundays per month; regular participation in ministry through financial contributions to the tithes and offerings of the church; serving in at least one volunteer ministry of CPC in addition to parental involvement through CPA.
